

2015

Congresso Europeu de Cardiologia

Mesas Redondas / Simpósios / Controvérsias:

Moderações:

- **YOUNG INVESTIGATORS AWARDS SESSION: THROMBOSIS**
Co-moderador: J.A.C. Morais (Leiria, PT)
Stroke and recurrent hemorrhage associated with antithrombotic treatment following gastrointestinal bleeding in patients with atrial fibrillation: A Danish nationwide cohort study.
- **YOUNG INVESTIGATORS AWARDS SESSION: CLINICAL SCIENCE**
Co-moderador: L.M. Goncalves (Coimbra, PT)
Sudden death in sport: insights from a national pathology referral center.
- **SHOULD THE SAME RULES APPLY FOR DRUG AND DEVICE APPROVAL? EU VS. US PERSPECTIVE**
Co-moderador: F.J. Pinto (Lisboa, PT)
- **FAMILY SCREENING FOR CARDIAC DISEASE**
Co-moderador: A.M.G. Almeida (Lisboa, PT)
Hypertrophic cardiomyopathy.
Arrhythmogenic ventricular cardiomyopathy.
- **ESC CLINICAL PRACTICE GUIDELINES 2015 – HIGHLIGHTS Highlight Session**
Co-moderador: A.V.C. Vaz Carneiro (Lisboa, PT)
Ventricular Arrhythmias & Sudden Cardiac Death

Palestrantes

- **NSTEMI GUIDELINES: HELPFUL IN THE REAL WORLD?**
NSTEMI and atrial fibrillation - Conclusion and take home message
- M. Sousa Uva (Lisboa, PT)

Membros de painel

- **FAMILY SCREENING FOR CARDIAC DISEASE**
Arrhythmogenic ventricular cardiomyopathy - Panel discussion and questions from the audience.
- N. Cardim (Lisboa, PT)

Comunicações Orais:

- **REMOTE PATIENT MONITORING: BETTER CARE AT LOWER COST. IS THIS A DREAM?**
A link to better care? The effect of remote monitoring on hospital admissions and mortality after ICD implantation.
- G. Portugal, M. Oliveira, S. Almeida, P.S. Cunha, A. Lousinha, B. Valente, J. Feliciano, R. Pimenta, A.S. Delgado, R. Ferreira (Lisboa e Vila Franca de Xira, PT)
- **THE INCREASING EVIDENCE FOR CARDIAC REHABILITATION**
Optimizing patient benefit from CRT response with the addition of high intensity interval training - a randomized controlled trial.
- R. Pinto, A. Abreu, V. Santos, X. Melo, P. Cunha, M. Oliveira, R. Soares, R. Ferreira, B. Fernhall, H. Santa-Clara (Lisbon, PT; Chicago, US)
- **NEW INSIGHTS IN DEVICE THERAPY**
Cardiac implantable devices: an invaluable tool for the diagnosis of sleep apnea.
- J.M. Portugues, S. Ribeiro, V. Sanfins, L. Moreira, A. Alves, B. Rodrigues, M.J. Guimarães, C. Duraes, D. Ferreira, A. Lourenco (Guimarães and Braga, PT)

Comunicações em forma de Poster Moderado:

- **PERCUTANEOUS NON-CORONARY TECHNIQUES FOR STROKE PREVENTION**
Does the percutaneous left atrium appendage closure influence left atrial performance?
- M. Madeira, R. Teixeira, C. Faustino, L. Paiva, L. Reis, I. Almeida, A. Quaresma, A. Botelho, M. Costa, G. Lino (Coimbra, PT)
- **ADVANCES IN CARDIOMYOPATHIES**
New sudden cardiac death risk score in hypertrophic cardiomyopathy - clinical application in a referral clinic and correlation with clinical, genetic and imaging data.
- A.C. Gomes, I. Cruz, L. Rocha Lopes, D. Caldeira, B. Stuart, G. Morgado, S. Almeida, R. Miranda, L. Brandão, H. Pereira (Almada, PT)

- ADVANCES IN CARDIOMYOPATHIES**
Late gadolinium enhancement assessed by CMR in apical hypertrophic cardiomyopathy. A marker of ventricular arrhythmia and adverse events.
 – A.M.G. Almeida, A. Bordalo, D. Brito, C. David, G. Lima Silva, R. Plácido, A.R. Francisco, M.N. Menezes, F.J. Pinto (Lisboa, PT)
- ANTIBRADYCARDIA PACING**
Temporary transvenous cardiac pacing: risk-benefit ratio.
 – A.R. Gaspar Lopes Francisco, N. Cortez-Dias, M.N. Menezes, G. Da Silva, T. Guimarães, J. Agostinho, I.S. Gonçalves, A. Magalhaes, R. Plácido, J. De Sousa (Lisboa, PT)
- ATRIAL FIBRILLATION IN REAL WORLD**
Atrial fibrillation and hypertrophic cardiomyopathy: a propensity score analysis from a multicenter Portuguese study.
 – R. Teixeira, N. Maques, L. Lopes, E. Correia, J. Almeida, C. Lourenco, R. Faria, P. Magalhães, K. Domingues, O. Azevedo (Coimbra, Faro, Almada, Viseu, Vila Nova de Gaia, Penafiel, Famalicão, Vila-Real, Santarém e Guimarães, PT)

Comunicações em forma de Poster:

- RESYNCHRONISATION THERAPY I**
Inflammatory and remodeling biomarkers response to CRT: is it related to echocardiographic or functional exercise improvement?
 – L. Almeida Morais, A. Abreu, H. Santa Clara, V. Santos, M. Mota Carmo, I. Rodrigues, G. Portugal, P. Silva Cunha, M. Oliveira, R. Ferreira (Lisboa, PT)
- RESYNCHRONISATION THERAPY II**
Predictive factors of echocardiographic response to cardiac resynchronization therapy: a prospective cohort study.
 – A. Abreu, H. Santa-Clara, M. Mota Carmo, V. Santos, L. Morais, G. Portugal, M. Alves, P. Cunha, M. Oliveira, R. Ferreira (Lisboa, PT)
- RESYNCHRONISATION THERAPY II**
Triple-site ventricular (TRIV) pacing: the new cardiac resynchronization?
 – M. Nobre Menezes, P. Marques, G. Lima Da Silva, A. Bernardes, A. Magalhães, N. Cortez Dias, L. Carpinteiro, J. de Sousa, F.J. Pinto (Lisboa, PT)
- VENTRICULAR ARRHYTHMIAS**
Implantable cardioverter-defibrillator in hypertrophic cardiomyopathy patients: what can we expect with new guidelines?
 – A.R. Godinho, M. Vasconcelos, I. Rangel, V. Araujo, C. Frutuoso, J.S. Cardoso, M.J. Maciel (Porto, PT)
- CARDIOMYOPATHIES I**
Prognosis of left ventricular non-compaction cardiomyopathy - a multicenter study.
 – D.A. Moreira, J. Almeida, K. Domingues, N. Marques, I. Cruz, L. Teles, B. Picarra, S. Leão, R. Faria, O. Azevedo (Viseu, Vila Nova de Gaia, Santarém, Faro, Almada, Évora, Vila-Real e Guimarães, PT)
- ANTIBRADYCARDIA PACING**
Minimum invasive hemodynamic assessment of right ventricular outflow tract septal wall pacing versus conventional right ventricular apex pacing.
 – G. Lima Da Silva, P. Marques, M. Nobre Menezes, A. Bernardes, A. Magalhães, N. Cortez-Dias, L. Carpinteiro, J. de Sousa, F.J. Pinto (Lisboa, PT)
- EXERCISE IS THERAPY IN HEART DISEASE**
High intensity interval training effects in patients with heart failure submitted to cardiac resynchronization therapy.
 – A. Abreu, H. Santa Clara, V. Santos, L. Morais, L. Oliveira, G. Portugal, P. Cunha, M. Oliveira, M. Mota Carmo, R. Ferreira (Lisboa, PT)
- ACUTE INTENSIVE CARDIOVASCULAR CARE I**
High-grade atrioventricular block in ST-segment elevation myocardial infarction patients: insights of a tertiary center.
 – G. Abreu, C. Braga, C. Arantes, J. Martins, C. Quina-Rodrigues, C. Vieira, A. Salgado, P. Azevedo, J. Marques (Braga, PT)
- ACUTE INTENSIVE CARDIOVASCULAR CARE II**
Acute coronary syndrome and atrial fibrillation a world of many questions.
 – M. Cassandra, A. Fernandes, M. Madeira, L. Teles, I. Almeida, F. Caetano, M. Costa, L. Gonçalves (Coimbra, PT)

- **ABLATION OF ATRIAL FIBRILLATION I**
Low flow velocities in the left atrial appendage can predict atrial fibrillation recurrence in patients undergoing ablation?
 – S. Guerreiro, R. Ribeiros, J. Abecasis, P. Adragão, F.B. Morgado, D. Cavaco, M.J. Andrade, M. Mendes (Lisbon, PT)
- **ABLATION OF ATRIAL FIBRILLATION I**
Pulmonary vein reconnection: is contact force more important than stability?
 – P. Adragão, F. Moscoso Costa, D. Cavaco, L. Parreira, P. Santos, P. Carmo, S. Carvalho, T. Teixeira, A. Soares, M. Abecasis (Lisboa, PT)
- **ABLATION OF ATRIAL FIBRILLATION IV**
Adenosine in atrial fibrillation ablation: does it improve the outcome?
 – F. Moscoso Costa, D. Cavaco, P. Santos, P. Carmo, S. Carvalho, T. Teixeira, A. Soares, M. Marques, L. Parreira, P. Adragão (Lisboa, PT)
- **IMAGING IN HEART FAILURE MANAGEMENT**
Scar burden and mechanical dyssynchrony assessment with SPECT-myocardial perfusion imaging as a potential tool to predict responsiveness to cardiac resynchronization therapy.
 – S.M. Leite, E. Martins, T. Vieira, M.J. Campelo, J. Rodrigues, S. Amorim, B. Moura, J.S. Cardoso, J. Pereira, M.J. Maciel (Porto, PT)
- **ARRHYTHMIAS AND CARDIOMYOPATHIES**
Progression of cardiac arrhythmia in familial amyloidotic polyneuropathy, portuguese type, after liver transplant.
 – M.J. Sousa, B. Brochado, I. Silveira, P. Rodrigues, M. Santos, S. Santos, J. Silveira, T. Coelho, H. Reis, S. Torres (Porto, PT)
- **CARDIOMYOPATHIES**
Late gadolinium enhancement on cardiac magnetic resonance for the prediction of non-sustained ventricular tachycardia in patients with hypertrophic cardiomyopathy.
 – J.G. Almeida, N. Marques, I. Cruz, E. Correia, L. Teles, C. Lourenco, R. Faria, P. Magalhães, K. Domingues, O. Azevedo (Porto, Faro, Almada, Viseu, Coimbra, Penafiel, Famalicão, Vila-Real, Santarém e Guimarães, PT)

Casos Clínicos:

- **WHAT WOULD YOU LIKE TO HAVE MADAM/SIR: CATHETER OR DEVICE?**
A difficult ablation of recurrent ventricular arrhythmia.
 – J.C. Duarte Rodrigues (Porto, PT)
- **DISCUSSING THE MOST CHALLENGING CLINICAL CASES**
 Co-moderador: L.M. Goncalves (Coimbra, PT)
Purkinje-related idiopathic ventricular fibrillation treated by catheter ablation.
