7 - 9 de Abril de 2024

Current clinical results of HBP and LBBAP in heart failure

Session: [When, why, and how to perform conduction system pacing](#)

Topic: Cardiac Resynchronisation Therapy (CRT)

Speaker: [Professor M. Oliveira \(Lisbon, PT\)](#)

Comunicações em forma de Poster:

Systematic review and meta-analysis comparing cardiac resynchronization therapy with versus without defibrillation in patients with non-ischemic cardiomyopathy
